How confident are you about learning and using Spanish? Reading, listening, and speaking are activities you do to learn and use Spanish. This questionnaire describes different kinds of tasks you might do in Spanish. For each kind of task, you are going to rate how sure you are that you could work on a language task *like the one described* and do what you are supposed to do in a reasonable amount of time.

The rating scale goes from 0 to 100. Marking a higher number means you are more sure that you could do the activity, while marking a lower number means you are less sure that you could do it. Please mark how you *really* feel about your capability to do a language task like the one described.

There are no right or wrong answers. There are only answers that tell how you actually feel.
